

EMResource® 4.15 Release Notes

These notes describe highlights of the EMResource 4.15 release scheduled for Wednesday, September 27, 2023. More information is available through the help in your solution or by contacting Juvare Support at 877-771-0911 or support@juvare.com.

Regional Logo on Reports

Administrators can now upload their region's logo through *Setup*, on the *Regions* page, and it will appear on the PDF and Excel versions of the following reports every time they are generated in the region.

- Status Detail Report
- Event Detail Report
- Status Summary Report
- Status Reason Summary Report
- Status Reason Detail Report

Enhancements

- Even when the optional voice notification feature is not enabled for your region, administrators and users can now enter phone numbers in the *Contact Information* section of the *Setup User*, *Create/Edit User Info*, and *My Profile* pages. These phone numbers are then displayed on the **Resource Detail View** and in the **Export User List** on the *Notification Addresses* tab.
- When creating or editing event templates, you can now choose **No Sound** as the alert audio option.
- Now, when you generate a **Status Summary** or **Status Reason Summary** report, the pie chart colors match your system's status colors.
