

WebEOC® Notifications 3.1.0 Release Notes

These notes describe enhancements introduced in the WebEOC Notifications 3.1.0 release scheduled for Tuesday, November 8, 2022. More information is available through the help in your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

Server Authentication

The options for authenticating access to your email server were expanded. Now, in addition to basic authentication, Microsoft Office 365 OAuth 2.0 Authentication is available.
