

WebEOC® SSO 2.0.1 Release Notes

These notes describe enhancements introduced in the WebEOC SSO add-on release scheduled for Monday, May 24, 2021. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

Resolutions

An issue that caused the previous SSO version number to appear in the Package Manager was resolved. Now, the current version number appears.
